E-Z HATCH ATTIC ACCESS DOOR

ATTENTION ARCHITECTS, DESIGNERS AND CONTRACTORS

The E-Z Hatch is a cost effective and simple way to meet the following code requirements on your projects.

Applicable code references:

- 2015 and 2018 IRC Section N1102.2.3
- 2015 and 2018 IECC Section R402.2.4

Each of these codes read as follows:

- "Access doors from conditioned spaces to unconditioned spaces (e.g. attics and crawl spaces) shall be weather-stripped and insulated to a level equivalent to the insulation on the surrounding surfaces."

Energy Star Version 3 requirements conforms with the 2015 and 2018 IECC codes and the International Green Construction Code conforms to the 2015 and 2018 IRC codes. E-Z Hatch R-50 or R-80 Attic Access Door meets these requirements.

The E-Z Hatch is an airtight, high performance, economical, and energy-efficient attic access scuttle door.

- Triple gasketed for excellent air sealing
- Comes with prefinished trim and hatch panel
- Provides a code required 22x30 access opening
- An energy efficient solution
- Exceeds all Code Requirements for R value
- Deluxe version includes an internal 4-point lock, keyed the same, and two recessed handles
